Price Guide

Hello lovers and congratulations on your engagement!

I'm really glad you've downloaded this pricing tool! It is my hope that this will give you confidence and understanding when planning your floral budget.

My goal is for all my couples to feel comfortable, excited and trust that any flower budget can create moments of beauty! Please note this price guide is based on average costs, as every wedding I do is unique and I quote to each individually.

Prices can be affected by the flowers you have your heart set on, the location of your event and their policies for setting up and the scale/logistics of certain designs.
